Chapter 1 by Fanwizard

"These kinds of things just don't exist," I whispered.

Aurora smiled, but it did not reach her eyes. "I told you if I told you that you would see me only as one thing. A freak."

Aurora and Hazel have been best friends for forever, both being misfits of the world. Aurora has been harboring a deep secret, holding it back from Hazel for eight years; Aurora is a witch, leading Hazel to wonder if anything of their friendship was ever real. Now that Aurora is approaching her eighteenth birthday, her powers will either change the world for the better or worse, or maybe even get Aurora killed. But it's up to Hazel to choose between life and death, the world or Aurora, and whether or not Hazel would stay by Aurora's side even if it meant that Hazel would be killed.
